AIR CANNON EXCHANGE PROGRAM

Exchange it and save.

The ACT Group
Environmental Services Division

BULK MATERIAL HANDLING · SINCE 1991

15% OFF

Trade a competitor cannon for The Flash.

For each competitor air cannon replaced with a **Flash Cannon**, take 15% off your total order. Just reference this flyer when you place the order — that is the whole program.

THE FLASH ADVANTAGE

ACT's own air cannon, with a 5-year warranty behind it.

- **Designed for high-temperature environments** — kilns, coolers, preheater towers
- More powerful air blast, **no air leakage**
- Minimal maintenance and no lubrication required
- Ease of service — valve serviced without dismounting the tank
- **Five-year warranty** — the longest in the business

Every Flash Cannon ships with the **Safety-Smart Isolation Valve** pre-installed, so your crew can service it safely on a hot process without stopping production. Old cannons of any make qualify for the exchange — we will even take them off the wall for you.

15%	5-yr	400°F
OFF PER EXCHANGED CANNON	FLASH CANNON WARRANTY	AMBIENT TEMPERATURE RATING

Count the cannons you hate. Call us with the number.

We will quote the exchange, install the Flash Cannons and haul the old units away. Ask about the Flash Retro Valve if you would rather keep your existing tanks.
